ARCTIC CAT®
www.arcticcat.eu

THE STUFF RIDERS WANT, NEED AND SIMPLY JUST GOTTA HAVE FOR NO OTHER REASON.

First comes the desire to own an Arctic Cat® ATV, Prowler® or Wildcat.™ Then comes the quest for all the cool stuff that goes with it. Arctic Cat Accessories and Arcticwear® have always gone above and beyond. 2015 marks the introduction of the all-new XRs and Prowlers, plus the ever-popular Wildcat Trail and Wildcat Sport. That means there are plenty of new parts, accessories and gear ready for the ordering, all of it designed and built with the same innovation and quality Arctic Cat riders have come to expect.

WILDCAT

CABS

SOFT CAB KIT WITH WINDLOCK WINDSHIELD SYSTEM

9-oz. heavy series 70 Surlast™ fabric. Includes roof, back panel and doors. Roof slides into WindLock™ channel that is mounted directly to the windshield forming a complete seal (windshield required). Choose your windshield: Full (1436-734), Flip-up (1436-739) or Glass Flip-up (1436-661); sold separately. Does not work with aluminum doors.

1436-831

PLOWS

QUICK-ATTACH PLOW PUSH FRAME & MOUNT KIT

Includes frame and mount, with choice of blade style. Durable, heavy-duty steel construction with five adjustable plow positions for increased versatility. Attaches and detaches in just seconds. Engineered exclusively for Arctic Cat Wildcat Trail models. Requires Winch Kit and blade (sold separately). Not on stock - ask for lead time.

2436-209
'14-'15 WILDCAT TRAIL

60-IN. TWO-WAY STEEL TAPERED PLOW BLADE

Optimal right- or left-angled plow position performance from a two-way tapered blade. Tough, high-strength steel construction with 3-in. serviceable wearbar and adjustable skid plates. Wide 60-in. blades with 16-in. center height and standard snow deflector. Throws snow farther with blade ends tapering out to 22 in. for increased snow handling. Requires Plow Push Frame and Mount Kit. Edge Markers (0436-235), sold separately. Not on stock - ask for lead time.

1436-398 60-IN. BLADE — BLACK

ONE-WAY TAPERED PLOW BLADE

Unique 16-in. to 26-in. tapered design launches snow up and away. Deflector flap prevents snow from getting over the blade top. End Plate comes standard for increased snow handling. Requires Plow Push Frame and Mount Kit.

0436-360 60-IN. BLADE — YELLOW

0436-967 60-IN. BLADE — DIAMOND TREAD (WITH ARCTIC CAT LOGO)

POLYETHYLENE PLOW BLADES

Tough, slippery, lightweight construction from high-density polyethylene over a steel frame. Available in 50-in.- and 60-in.-wide options with a 16-in. overall height. Adjustable skid plates. Requires Plow Push Frame and Mount Kit. Snow Deflectors, End Plates and Edge Markers sold separately. 60-in. blades are not recommended for 450 models and below.
Yellow Blades on stock - others on request (please ask for lead time)

TIGERTRAX

PROWLER TIGERTRAX 2

If you're looking for the next level in performance, the Arctic Cat team has delivered! Building on the tried-and-true original TigerTrax system, we have brought you the next evolution in performance all-season tracks. Custom fit and optimized for your Arctic Cat, the TigerTrax 2 will take you farther and allow you to climb higher. It's the most terrain-capable Side by Side all-season track system available today. Improved flotation, increased ground clearance, optimized frame geometry, aggressive track design, and significant increase in ground traction will give you the edge in deep snow, sand, swamps and the nastiest terrain. Simply stated, when there is terrain to be conquered and when you simply just need to get there, TigerTrax 2 will take you there. NOTE: Requires Track Kit, Mount Kit and Clutch Kit, sold separately.

* not mountable on homologated ATVs.
Only for off-Road use.

PLOWS

60-IN. & 72-IN. TWO-WAY STEEL TAPERED PLOW BLADE

Optimal right- or left-angled plow position performance from a two-way tapered blade. Tough, high-strength steel construction with 3-in. serviceable wearbar and adjustable skid plates. Wide 60-in. and 72-in. blades with 16-in. center height and standard snow deflector. Throws snow farther with blade ends tapering out to 22 in. for increased snow handling. Requires Plow Push Frame and Mount Kit. Edge Markers (0436-235), sold separately. 60-in. and 72-in. blades are not recommended for 450 models and below.

This Modell is not on stock - only on request (please ask for lead time)

1436-398 60-IN. BLADE — BLACK

1436-390 72-IN. BLADE — BLACK

ONE-WAY TAPERED PLOW BLADE

Unique 16-in. to 26-in. tapered design launches snow up and away. Deflector flap prevents snow from getting over the blade top. End Plate comes standard for increased snow handling. Requires Plow Push Frame and Mount Kit. 60-in. blades are not recommended for 450 models and below.

This Modell is not on stock - only on request (please ask for lead time)

0436-360 60-IN. BLADE — YELLOW

0436-967 60-IN. BLADE — DIAMOND TREAD (WITH ARCTIC CAT LOGO)

POLYETHYLENE PLOW BLADES

Tough, slippery, lightweight construction from high-density polyethylene over a steel frame. Available in 50-in.- and 60-in.-wide options with a 16-in. overall height. Adjustable skid plates. Requires Plow Push Frame and Mount Kit. Snow Deflectors, End Plates and Edge Markers sold separately. 60-in. blades are not recommended for 450 models and below.
Yellow Blades on stock - others on request (please ask for lead time)

0436-228 50-IN. BLADE — YELLOW

0436-296 60-IN. BLADE — YELLOW

0436-719 60-IN. BLADE — GREEN

TIGERTRAX

ATV TIGERTRAX 2

If you're looking for the next level in performance, the Arctic Cat team has delivered! Building on the tried-and-true original TigerTrax system, we have brought you the next evolution in performance all-season tracks. Custom fit and optimized for your Arctic Cat, the TigerTrax 2 will take you farther and allow you to climb higher. It's the most terrain-capable ATV all-season track system available today. Improved flotation, increased ground clearance, optimized frame geometry, aggressive track design and significant increase in ground traction will give you the edge in deep snow, sand, swamps and the nastiest terrain. Simply stated, when there is terrain to be conquered and when you simply just need to get there, TigerTrax 2 will take you there. NOTE: Requires Track Kit, Mount Kit & Clutch Kit, sold separately. Clutch Kit not required for XR and TRV 1000.

BATTERY CHARGERS

CTEK® BATTERY CHARGER

A great all-around charger that every household should have. Features three modes: low-current mode for smaller 12V batteries used in ATVs and ROVs. Higher-current mode for automotive or marine applications. Winter mode aimed at charging and maintenance in cold weather. Fully automatic for charging and maintenance. Takes its own readings and begins to charge. Once finished charging, it will switch to a maintenance phase. Features a patented method for reconditioning sulfated batteries. Spark-free, making connection safer and easier. Extends battery life. 12V, 3.3A., EU plug

OIL & CARE

Two oils deliver performance and protection. In our ACX line, our 15W-50 weight is specifically designed for hot-weather use in our vehicles, while our 0W-40 ACX gives improved cold-weather starting. Both ensure maximum performance for each specific condition and are the most advanced formulation ever developed for your Arctic Cat ATV, Prowler and Wildcat. Premium synthetic base stocks deliver consistent lubrication in all conditions, plus superior rust and corrosion protection even during periods of nonuse. Improved cold-weather starting and optimum protection at extreme operating temperatures, from frigid cold to desert heat. 15 times more shear stable than standard engine oils for greater resistance to thermal and chemical breakdown.

ACX 0W-40 SYNTHETIC OIL

All-weather protection. Advanced multigrade formula. Improved cold-weather starting. Superior rust and corrosion protection even during periods of nonuse. Offers maximum engine performance along with unique shear-stable additive formula that protects against engine wear, carbon buildup and sludge formation. 0W-40 is Wet Clutch Certified for use in Arctic Cat wet-clutch engines. Automotive engine oils DO NOT meet the requirements for use in Arctic Cat ATVs equipped with a wet clutch.

1436-436 16 GALLON

1436-437 55 GALLON

ACX 15W-50 SYNTHETIC OIL

Arctic Cat's Full Synthetic 15W-50 is a heavier-viscosity formula of the original, proven Synthetic ACX 4-Cycle oil. Formulated specifically for hot-weather use in Wildcat, Prowler and ATVs, it provides ultimate hot-temperature engine protection and prevents thermal breakdown in severe conditions. Can also be used in professional applications such as racing, construction, farm and ranch where the machine faces heavier loads and greater engine stress. NOTE: Not recommended for use in ambient temperatures below 32°F — heavier viscosity will make starting more difficult in extreme cold. Original Synthetic ACX (0W-40) engine oil recommended for all-season use.

RIDE GEAR & SPORTSWEAR

PRO CAT RIDING GEAR

ADVENTURE-JACKET AND PANTS

This all year around, state of the art Arctic Cat riders outfit offers an active Air-Vent System along with an integrated breathable-waterproof climate membrane. To point out: outer-shell with numerous pockets; special impregnation; strong – non scraping; hardly any water-intake; tear resistant; reinforced seams; EU certified protectors for passive protection. Numerous possibilities to adjust the fit, as well as a leisure pattern/shape/cut is standard for this "ProCat Riding Gear".

MATERIAL
OUTER-SHELL: 500D Polyamide and polyester fabric (100% Polyester), LINER - Permanent Mesh, 100% Polyester

PROTECTION
CE Approved shoulder, elbow and knee protectors, EVA foam back protector, reflecors on back of jacked and rear of pants.

COMFORT
Arms, hips, waist and legs to be size-adjusted

JACKET: Removable fleece jacket (100% Polyester), removeable membrane-vest.

PANT: Removable 3-Layer-Liner Pant

Tight fit - consider to order one size larger

PROCAT ADVENTURE JACKET

The 3-in-1 concept offers the exceptionally high benefit of this ProCat Gear. The integrated, removable fleece jacket as well as the quilted vest with the same features, togehter add up to this 3-in-1 concept.
